

Birds of Prey Sessions

Jan, Mar, Jun, July, Aug, Sept, Oct 2023

A unique opportunity to create stunning photographs of magnificent "Birds of Prey" under controlled conditions.

The Triple "D" is proud to announce the continuation of the **"Birds of Prey"** photography **Sessions** in **2023**. You can expect to photograph a variety of raptors. It is not always possible to determine what birds will be available for exhibition until the time of the photo session. **Past sessions have included a variety of birds which included: American Kestrel, Barred Owl, Snowy Owl, Great Horned Owl, Western Screech Owl, Barn Owl, Ferruginous Hawk and Red Tail Hawk.**

What the Triple "D" can guarantee is a full Event allowing adequate time to photograph, sketch and observe the **"Birds of Prey"**. Most sessions are scheduled to commence with early morning light. These sessions are offered in conjunction with some of Triple D's monthly wildlife photography specials and workshops. This "Birds of Prey" Event is designed as an optional session. Individuals can choose to participate in a workshop or just a Birds of Prey Event.

For more information about the Triple "D", visit us at www.tripledwildlife.com. Since 1972 we have catered to the needs of both amateur and professional photographers and are constantly striving to provide our clients with new opportunities to expand their portfolios. Our guests can participate in private photography sessions or join many of our organized specials, seminars or workshops advertised throughout the year. If you are interested in learning new skills, we can put you in contact with one of our many talented professional photographers who regularly bring groups to our ranch. If you are interested in organizing your own group, contact the Triple "D" for more details.
